Surface Treatment Schemes 2019 – 2020
C287 Roman Road, Ford

Dear Sir/Madam:

As consultant representative for Wiltshire Council, I write to inform you of resurfacing works programmed on C287 Roman Road, Ford.

The site extents can be viewed on the drawing overleaf.

These works involve resurfacing of the existing carriageway, the installation of new road markings and the adjustment of surface ironwork.

X The resurfacing works will commence on Monday 11th March and will be completed on Thursday 14th March between the hours of 07:00 and 18:00. The road will be open as normal outside of these working hours. X

On occasions they may over run due to uncontrollable circumstances such as plant breakdowns, if weather conditions are unfavourable, or occasionally we discover the need for additional repairs once the work has started. There will be advance information signs erected on site giving confirmed start dates.

Due to the nature of the works and the local environment, the works will be carried out within a temporary road closure, to ensure that adequate health & safety is maintained for the contractor & local residents.

The main diversion route for all 'through' traffic whilst works are being undertaken will be north on A338, southwest on Portway, south on A345 and Old Castle Road; and vice versa.

The Contractor will maintain pedestrian access for the duration of the works; but due to the nature of the works, disruption is inevitable and vehicular access will be restricted. It is essential that the road remains un-trafficked until the new material has set, as early trafficking could lead to premature failure. Dedicated traffic management operatives at the extent of the works will monitor access and give motorists assistance.

I would like to take this opportunity to apologise for any inconvenience these works will cause, but trust you will appreciate the necessity for these essential works to maintain Wiltshire's highway network.

Should you require any further information in advance of the works please do not hesitate to contact me on the details shown above. If you wish to discuss the works whilst they are in operation, please speak to a member of the workforce who will direct you to the appropriate person.

Yours faithfully,

Jon Moss
