

To Register a Noise Complaint

If you want to register a noise complaint, send the airfield manager an email. This can be done using Contacts on the Old Sarum Airfield website at www.oldsarumairfield.co.uk (please note there is no dedicated web page for noise complaints).

Alternatively you can phone the airfield on 01722 322525. It is most likely that the call will be picked up by a member of staff of the Skies Café.

Ask for the airfield manager; however, the former will take the details if the manager is not available. Whether by email or phone, please provide your name, the description of the complaint, location of the occurrence and the date and time of the occurrence.
